Students are matched up with students from our partner-school and stay with their families, providing a unique experience of life in another country. For students taking GCSE German, there is no better way to learn and practise the language.
- Cost £450 - £500. This includes the flight and coach-travel to Germany, trips while we are in Germany and the programme for the German students when they return for the equivalent stay over here in the autumn. Alderman White families will need to be able to accommodate the German student for 7-10 days. Paris Trip:
- 4 days, 40 places available each year. Approximate cost £650 including travel by coach and ferry, accommodation, full board (other than food during travel).
- The trip typically includes trips to the Eiffel Tower, Montmartre, the Sacre Coeur, the Champs Élysées, Notre Dame and a boat trip on the Seine. We also spend a day at the extremely popular theme park Parc Asterix.

Music Tour:

- Trips will alternate between the UK/Europe each year. 2-4 nights. More detail and costings to be added when we have more information.
